

HALICOS

ZINC OXIDE

Ointment

150 mg/gm

Composition:

Each gram contains:

Zinc oxide BP ... 150 mg

Excipients q.s.

Ointment base

Purpose: Skin protectant

Indication: Indicated for the topical relief of itching, pain, and discomfort due to minor skin irritations, such as those caused by eczema, insect bites, prickly heat, sunburn, diaper rash, rashes, and dry skin pruritus; also for symptomatic relief of itching.

Warnings: If the condition worsens or does not improve within seven days, consult a doctor.

Contraindications: Hypersensitivity to any ingredients/components in the formulation. If swallowed, seek medical help or contact a Poison Control Center immediately.

FOR EXTERNAL USE ONLY; AVOID CONTACT WITH EYES.

Warnings and Precautions

For external use only; do not ingest. Avoid contact with eyes and other mucous membranes, such as the mouth, nose, and genital area. Do not apply to abraded, blistered, inflamed, raw, or weeping skin. Do not use on open wounds or burns. Discontinue use if rash, irritation, burning sensation, or sensitivity occurs. If symptoms persist, consult your pharmacist or doctor.

Dosage and Administration:

Directions for use: For diaper rash: change wet and soiled diapers immediately, allow to dry, and apply ointment liberally at every diaper change, especially at bedtime or as needed.

Dosage: As directed by a physician.

Store below 25°C.

Do not freeze. For external use only.

Keep out of the reach and sight of children.
