

**Alumina & Magnesia Tablets USP**  
Antacid Chewable Tablets

**COMPOSITION:**

Each Chewable Tablet Contains:

Dried Aluminium Hydroxide Gel USP	250mg
Magnesium Hydroxide USP	250mg
Excipients	qs
Approved colour used	

**PHARMACOLOGICAL ACTIONS:** Aluminum hydroxide is an inorganic salt used as an antacid. It is a basic compound that acts by neutralizing hydrochloric acid in gastric secretions. Subsequent increases in pH may inhibit the action of pepsin. Magnesium hydroxide neutralizes gastric acid by reacting with hydrochloric acid in the stomach to form magnesium chloride and water. It is practically insoluble in water and does not have any effect until it reacts with the hydrochloric acid in the stomach.

**INDICATIONS:** Relieves Heartburn, Acid indigestion, Upset stomach and gas associated with these conditions.

**DOSAGE AND DIRECTION FOR USE:** Chew 1-4 tablets 4 times a day or as directed by a physician. Do not take more than 16 tablets in a 24 hour period.

**CONTRAINDICATIONS:** Severe abdominal pain of unknown cause, especially if accompanied by fever; Renal failure (CrCl 30 ml/min).

**DRUG INTERACTIONS:** Phosphate supplements (such as potassium phosphate), sodium polystyrene sulfonate. Antacids can interfere with the absorption of many other drugs. Be sure to check with your pharmacist before taking antacids with any other medication.

**SIDE EFFECTS:** Constipation, Nausea, Diarrhea and Headache.

**PRECAUTION AND WARNING:** Before taking this product, tell your doctor or pharmacist if you are allergic to aluminum hydroxide; or to magnesium; or if you have any other allergies. This product may contain inactive ingredients, which can cause allergic reactions or other problems.

**STORAGE:** Store below 30°C in a cool & dry place. Protect from light.

**KEEP THE MEDICINES OUT OF REACH OF CHILDREN.**

**PRESENTATION:** 10 x 10 Chewable Tablets
